

PUBLICATION OF ROMAFOREST 2011 CONFERENCE CONTRIBUTIONS ON IFM JOURNAL

This issue of the *Italian Journal of Forest and Mountain Environments* hosts the second part of a selection of contributions presented at *RomaForest2011 - Present and future role of forest resources in the socio-economic development of rural areas*, an international conference held in Rome on the 23rd- 24th June 2011. The event was promoted on the occasion of the UN International Year of Forests and organized by the *Italian National Rural Network (NRN)* and by the *Forest Observatory of the Italian National Institute of Agricultural Economics (INEA-FO)*.

The first part of selected contributions has been included in issue n. 2/2012 of IFM and can be downloaded at http://www.aisf.it/Ifm/IFM_2012/IFM_2_2012/indexifm_2_2012.htm

This issue of IFM containing the second part of RomaForest2011 selected contributions can be downloaded at http://www.aisf.it/Ifm/IFM_2012/IFM_3_2012/indexifm_3_2012.htm

More details about the contents of the congress and a collection of presentations are available at www.reterurale.it/romaforest2011
